**Subject:** EPA Community Interviews

Matt-

I didn't see you on the east bound train Wed. The 4:02 is enormous! At my stop I barely got to the exit before they were closing doors and moving on.

As I mentioned at our meeting earlier this week, I'd like to see the surveys from Pines residents (and non residents) that were gathered on May 13 and May 20. The purpose of those interviews was to try to understand the information needs regarding the Town of Pines Superfund site and update the Community Involvement Plan. I will be involved in reviewing the next *Pines Update* ([www.pinesupdate.com](http://www.pinesupdate.com)) and will focus on some of the specific concerns as recorded in the interviews. I am also interested in seeing who responded to the survey. We have a mailing list that changes as people come into the neighborhood. We add anyone that shows an interest whether they live in the community or not.

Thanks,

Val Blumenfeld
